---

**MUNICIPAL WATER CONSERVATION MEASURES FOR SUMMER 2004**

No lawn irrigation from **June 15 through October 31**.

No boat washing, housing washing, car washing for the **month of July**.

**Effective August 1:** if the reservoir is less than eighteen inches below the spillway, boat washing, house washing, and car washing will be allowed on weekdays as follows. Properties with a legal address with an even number may wash cars, boats, and houses on even days of the month. Properties with a legal address with an odd number may wash cars, boats, and houses on odd days of the month. No boat, car or house washing will be allowed on weekends or Monday holidays.

When the height of the reservoir drops below eighteen inches no customer shall use water furnished by the municipal system for house, boat or car washing.

When the height of the reservoir is from eighteen inches to forty-eight inches below the spillway, no customer shall use water furnished by the municipal water system for the irrigation of vegetables or flowers for more than fifteen minutes per day as follows. Properties with a legal address with an even number may irrigate flower and vegetable gardens on even days of the month. Properties with an odd legal address may irrigate flower and vegetable gardens on odd days of the month. No watering will be allowed on Saturdays and Sundays.

When the height of the reservoir is forty-eight inches to sixty inches below the top of the spillway no customer shall use water furnished by the municipal water system for outdoor use.

When the height of the reservoir is more than sixty inches below the top of the spillway no commercial customer shall wash any vehicle using water furnished by the municipal system.
