\$250per tree, \$100 per dedication plaque, \$20 per 20-gallon drip irrigation bag

Total Donation: \$..... Payable to: Town of Jamestown Tree Trust Fund

Preferred location of tree(s): .....

Plaque Dedication: .....

The Town of Jamestown will provide and install a 2 1/2 to 3" diameter (approximately 12 to 14 foot tall) balled and burlaped tree for \$250 to residents and interested parties interested in sponsoring a tree along a town right-of-way or other Town site. The Town covers the cost to install the trees. For an additional \$ 20 a 20-gallon drip irrigation bag that releases water up to 16 hours is included. The drip irrigation bags make watering trees effortless, conserves water and improves the transplanted trees health. A personal dedication plaque can be placed near the base of the tree for an additional \$100.

Checks should be made out to the Town of Jamestown Tree Trust Fund and sent to the address shown above. To discuss details of the program contact the Town Tree Warden or the Chairperson of the Jamestown Tree Preservation and Protection Committee.

As part of my donation I agree to be a Tree Steward in Jamestown's Tree Planting Program for the above tree(s) if planted within the Town right-of-way on my property. Stewardship includes such tasks as watering, weeding and monitoring the health of the new tree(s) for two years from the time the Town plants the tree(s).
